FOGSI SATELLITE CONFERENCE

The FOGSI SATELLITE CONFERENCE was organised in a splendid way on 29th & 30th August, from BISAG Studio, Gandhinagar. As a host to this conference the role of our prestigious AOGS was appreciated by one & all from the FOGSI.

Our AOGS organising team worked very hard for organising the conference in a grand fashion. Every member was assigned the task for contacting particular societies & to be in touch with them throughout the conference.

More than 130 societies from across the nation confirmed their participation in the conference by phone & by mails.

The topics discussed were wonderfully lucid, the transmission was crystal clear, the participation in debates by different societies and all were a treat to relish & be happy about.

All the faculty & FOGSI office-bearers appreciated whole heartedly the work done by AOGS.

Above all AOGS takes this opportunity to thank Govt. of Gujarat & especially our respected health minister Shree Jaynarayan Vyas for helping us throughout the course of this great academic show.
