CME on Approach to Male Infertility

The CME on "Approach to Male Infertility" was a great experience altogether. First of all a big thanks to all of you for being present in such great numbers. Your presence made it the most successful scientific program. The talk by Dr. Dinesh Vaidya, Andrologist from Bangalore was very comprehensive, gave all the tips to clinicians about the diagnosis & management of Male infertility. He had covered the serious topic of male infertility along with light notes. Dr. Atul Munshi & Dr. Kandarp Parikh chaired the session. The panel discussion started from evaluation of male infertility & went up to the recent trends like ICSI & TESA. The panelists included experts like Dr. Dinesh Vaidya, Dr. Shailesh Shah, Dr. Kiran Shah, Dr. Manish Banker, Dr. Kandarp Parikh & Dr. Himanshu Bavishi. Each & every aspect was covered with depth knowledge by the moderators Dr. Kanthi Bansal & Dr. Jayesh Amin. The session on interesting cases was very interactive & not only the audience but the panelists also enjoyed giving their expert opinions. The panel discussion continued upto midnight. The audience was completely satisfied by the delicious food followed by a CME with a treasure full of clinical pearls. Dr. Kanthi Bansal was the program co-ordinator & had organised the whole show with a great deal of preparation & made it a program to remember in times to come.
