

PAST PROGRAMME REPORT

EGYPT TOUR

The rendezvous with the great ancient heritage of Egypt was truly a pleasant experience of life time. Immediately after diwali, some 65 of our AOGS family members set off for this grand expedition. For next 8 days everybody enjoyed the breath-taking site scenes of great pyramids, sphinx, and the wonders of the world-karnak & Luxor temples. The grandeur of king ramsys, sitting on the throne at abu-simble overlooking the lake Nasar was a perfect blend of great ancient Egypt & modern engineering marvel.

Through out the tour the relaxing & comfortable resorts, hotels & cruise on the Nile River, gave all of us the much needed rest, leiasure & serene peace of mind.

From small kids to the mature ones, everybody enjoyed the trip to its fullest potential. We thank AOGS foe giving us the opportunity for this excellent vacation bonanza & look forward for similar wonderful ventures in the future.

Past CME - Update in Obstetrics Gynecology and Fertility (Organized at Egypt)
