Any new member of AOGS should be holding a post graduate degree or diploma in OB GYN. or should be registered with a recognized university as a bonafide student of a post graduate course (Recognized by MCI)

A Gynaecologist and Obstetrician who is willing to become member of AOGS must be practicing in Ahmedabad district. He should not be the member of another FOGSI affiliated Society as dual membership is not allowed. If the person is already member of other Federation of Obstetric and Gynaecological Societies of India (FOGSI) affiliated Society still wants to become member of AOGS, He can become associated member without voting right and without eligibility to contest any election

Proposed Amendment

There will be two category membership as it is in FOGSI

Category A

On payment of prevailing fee any eligible Gynaecologist holding recognized post graduate degree, diploma, DNB or any other degree (i.e., MRCOG, FRCOG etc.) in Obstetrics and Gynaecology recognized by Medical council of India (now: National Medical commission) can become member. Eligible member who is either residing or practicing or serving in Ahmedabad city or Ahmedabad district (decided by postal pin code) will be category A member.
