President's message.....

Dr. Kiran Desai

Together with my colleagues from AOGS, I wish you a very happy, healthy and prosperous new academic year ! I am humbled, honoured and privileged to assume the role of President of the AOGS. Indeed, the growth of AOGS has been propelled collectively by the individuals and all the past presidents and past members of the AOGS committee. I look forward to continuing this important work towards fulfilling goals of AOGS. In this endeavor, I am joined by my colleagues.

During the next twelve months we will continue to organize CMEs and live workshops. We are coming up with two major events during this year. One is Urogynaec conference and other is SOGOG conference. I will work to promote on treating our patient with evidence based medicine . We will have social events in form of talent evening for our family members, drama, musical night etc.

Preparations are on for AICOG 2017 which is organized by AOGS, At this juncture I appeal to all members that let us join our hands to make this a grand memorable conference.

With this we welcome any innovative idea from any member which can help for better development of organization.

We are committed to start each programme and CME on time so please help us to maintain the punctuality by remaining present at the earliest.

I would like to end my message with this quote :

“All we have to decide is what to do with the time that is given to us.”

—by J.R.R. Tolkein

Smart Workshop

“How to Score Marks out of better
Theory paper Presentation”
