AOGS Team Message

Dear AOGSian friends,

"It is not the strongest of the species that survives nor the most intelligent, but the one most responsive to change"- Charles Darwin

An association is not about result of election every year, is not about who become President or Secretary but it is about learning that moulds a lifetime & learning that shapes the future. AOGS had its very inception in 1936 when all of these Committee members were not born even. We are really happy to be a part of the office of this esteemed association.

We all feel happy to be installed in office by the stalwart Dr. Nozer Sheriar and blessed by Shri Bhagyesh Jha on the installation ceremony on 3rd April. The program was attended by the record number of 340 Members and Wellwishers. We extend our heartfelt thanks to all of them for making the ceremony a memorable one.

Our theme for the year is **"Prevention, Protection and Progression"**. Prevention is always better than cure. Our aim is to acknowledge our members the ways to prevent social, legal, economical, as well as health problems. Even after that if some member falls in any problem we would like to protect his interests and we would like to progress in this way. Our motto of the year is **"Desire, Determination & Dedication"**. We would like to fulfill the desire of our members with determination and dedication.

"Success is a vehicle which moves on a wheel of Hard Work but the journey is impossible without fuel called Self Confidence".

Team spirit in work is the key to success and prime requirement. Team Work simply means

"It is less Me and more We" - "Together Everyone Achieves More"

It is our humble request to all AOGSians to be the active participant of the team 2016-17. Any innovative ideas or suggestions are always welcome. Anybody who is interested to work in day to day activities as well as in any conference in any capacity is cordially invited.

We will be having a series of National Conferences in our city this year and to make them a grand success we will need the active participation of our each and every member. National Medico-legal conference is our dream project and we want to create it a landmark in that field. AICOG again after the gap of 17 years is a herculean task and we will try our level best to make it a grand success. To fulfill our theme we are organizing a program on "Yog, Dhyana and Pranayam" on 18th May and a Cycle rally is planned on 5th June the "World Environment Day". We request all to take part in big number in these innovative programs.

"The great pleasure in life is doing what people say you cannot do".

Dr. Geetendra Sharma
President - AOGS

Dr. Rajal Thaker
Hon. Secretary - AOGS

PAST PROGRAM REPORT

Memories of Installation Ceremony - Date : 03.04.2016

Memories of "Gynaecologists' perspective on breast disease" - Date : 10.04.2016

Memories of "Puchhi Ne Thay Nai Prem" - Date : 24.04.2016

Date : 07.04.2016 - Memories of
"Reproductive Biology & Health" by Dr. Nita Thakre

Date : 16.04.2016 - Memories of
Lecture on "Cancer Awareness" by Dr. Anjana Chauhan

FUTURE PROGRAMS

चाय पे चर्चा

Discussion & Demonstration on योग – प्राणायाम – ध्यान

Speaker :

YOGACHARYA Shri HEMENDRASINHJI RAJPUT

Date: 18/05/2016, Wednesday

Time: 3 PM to 6 PM

Venue: 1st floor, Jagmohan Parikh Hall,
AMA building, Ashram Road, Ahmedabad

- Members who are interested to learn by doing are requested to wear loose garments (T shirt-Trousers/Kurta-Payjama)
- Session will be followed by Tea/Coffee, Light snacks
- Program co-ordinators: Dr Rajal Thaker, Dr Manoj Pandya

60th All India Congress of Obstetrics & Gynaecology

25 26 27 28 29 January 2017

Conference Venue: Gujarat University Convention & Exhibition Centre, Ahmedabad

Hosted by:

Dear AOGS Members,

It is indeed a pleasure to invite all the AOGS members to the grand AICOG 2017. The mega-event is organized by the AOGS, one of the founder societies of FOGSI & one of the most dynamic and progressive member bodies of FOGSI. The AOGS stands for evidence based clinical practices, amalgamation of goos quality obstetrics with technological advances in our fraternity. The AOGS has taken initiatives for regular updating of knowledge, accreditation and ethical and moral aspects of professional practice.

We have organized in the past 3 highly successful AICOGs in 1963, 1986 & 2000. We are very committed to continue the tradition of our stalwarts to organize a conference with top-quality scientific program as well as great fellowship and camaraderie. The scientific menu that we are designing for you has many delicacies on the platter related to both day to day practice as well as high-tech practices. Let us make this AICOG an all gujarat event in the year of Vibrant Gujarat & enjoy the memorable conference with fun & frolic.

We invite your creative ideas and inputs better design of AICOG 2017.

DOCUMENTATION & RECORD KEEPING

1. Meaning of document

Indian Evidence Act – 1872 and Indian Penal Code Section – 29 defines Document –

Document means any matter expressed or described upon any substance by means of letters, figures or marks, or by more than one of those means, intended to be used, or which may be used, for the purpose of recording that matter.

2. Importance of document

“Courts are not the courts of justice, they are the courts of evidences.”

Courts are blind. Court decides the case only on the basis of evidences produced in front of it. The only evidences in case of medical professional are their documents. It is said that

“Good documents – Good defence, Poor documents – Poor defence and No documents – No defence”

It is the most tedious job but still there is no excuse in the law for documentation and record keeping.

3. Why to keep documents

A doctor is bound to produce record when asked by the Court and if he does not produce the same, adverse inference might be drawn. Under some act it is punishable too.

Section - 1.3.2 of The Indian Medical Council (Professional conduct, Etiquette & Ethics) Regulations, 2002 – If any request is made for medical records either by the patient or authorized attendant or legal authorities involved, the same may be duly acknowledged and documents shall be issued within the period of 72 hours. Failure to issue the same will be regarded as misconduct as per Section 7.2. Certain provisions of Clinical Establishment act and Different Nursing Home Registration Acts mandates to keep certain documents.

4. How long to preserve documents

Under different Acts there are different guidelines for the period of preservation of records.

- Consumer Protection Act-2 years.
- Civil Litigations-3 years.
- Income Tax Act-8 years (6 Years from the assessment year).
- Criminal Laws-No limit
- PNDD Act-2 years
- MTP Act-5 years
- ICMR Guidelines -10 Years and then to be submitted to Registry.
- FOGSI Guidelines-At least 5yrs
- MCI Guideline-3 years (Section – 1.3.1 of Code)

5. What documents are to be maintained

Medical Record

- OPD Case Paper
- Indoor Case Paper
- Consents
- Prescriptions
- Discharge Card
- Investigations
- Refer Notes
- Requests for investigation
- Reports of Investigations – Pathological Testings, ECG, X Rays, CT Scans, MRI etc.
- CDs or DVDs.
- Medical Certificate if given.
- Forms
- Registers

Registers

- O.P.D. Case Register (3-C Register)
- Indoor Case Register
- Nursing order book
- Operation Theatre Register
- Autoclaving Register
- Fumigation Register
- Biomedical Waste Register
- PNDD Register – (PC-PNDD Rule – Section – 9(1))
- MTP Register – (Admission Register – Form-III)
- Sterilization and IUCD Register
- Birth and Death Register
- Medical Certificate book – as per MCI Guidelines
- Drug Register
- Vaccination Register
- MLC Register
- Indoor Case as per MCI Guidelines
- Discharge Card as per MCI Guidelines
- DAMA Certificate
- Files – Gynecology and Obstetrics
- Death Certificate
- Registers under different Acts – Labour laws
- Nursing Home Registration Acts etc.

Indoor Case Paper – Fully written up contemporaneous record with all details

- Registration Form
- Admission Consent
- Chief complaint, Histories and Examinations reaching Provisional Diagnosis
- Investigations (All reports of investigations) and confirmation of diagnosis
- Counselling (Medical, Financial, Psychological etc.) and Plan of Treatment
- Consents, Pre-op orders and check-ups (Physician, Anaesthetic etc.)
- Per-op Anaesthetic note and Operative note (Detailed with reasoning of decisions)
- Post-operative examination and order
- Nursing Chart
- Discharge Card
- Check list if any
- Paginating the Indoor Case and send it to MRD department.

Records–

Record keeping is an art. There are more than 150 Acts which are applicable to one clinical establishment. Some of them known and some

are not known to a common practitioner. It is advisable to keep one BOX File for each Act. All relevant papers of that particular Act are to be kept in one BOX File so that, whenever asked for can be easily retrieved. Day to day update of the files is necessary.

Few extra tips

- Keep the records of visiting doctors in their own hand writings or signed by them.
- Keep originals in your custody and give Xerox copy if demanded.
- Avoid over writing. Alteration should never be done.
- Altered notes can lead to loss of credibility.
- Additions with date & time are allowed.
- Every page should contain the name and registration number of patient.
- Date and time should be mentioned at each step.

6. Where to keep documents

Every hospital should have a separate MRD room.

Efforts should be made to digitalize the records for quick retrieval. (Sec. 1.3.4 of IMC Code).

Agencies are there which keep records digitally by scanning.

7. How to destroy documents

After passage of depicted time under different laws one can destroy the documents after giving public notice of reasonable time in two local daily newspapers, one in English and one in local language.

8. Conclusion

Good documentation is a reflection of good patient care. Good documentation over all improves quality of medical establishment.

Good documentation saves the medical practitioner in the court of law most of the time.

So Documents should be Accurate, Complete, Legible & Free of extraneous information.
