AOGS Team's Message

Dear Friends,

"Good, better, best. Never let it rest. Till your good is better and your better is best"

Our dream conference "National Medico-legal Conference" is coming very near. The basic purpose of this conference is to acknowledge the busy consultants the intricacies of laws. As we all know the proper counseling treats the half of the disease, in the similar way proper knowledge of law can avoid many problems of practice. We have drafted the program in such a manner that the laws will be taught through mock courts, Skits, Dramas, Parodies and of course debates and lectures. It will be really fun to learn a few absolutely new things.

We have called Judges as faculties who will show us the ways how to deal PC-PNDT and ART issues. They will also narrate us what mistakes doctors do in practice and in witness box which later on become fatal to them. The sole purpose of the conference is "Prevention, Protection and Progression" of our members. We humbly request all our members to register in this conference and take maximum benefit of the same. Post conference we are going to distribute Pen drive of whole conference to each and every delegate.

"A creative man is motivated by the desire to achieve, not by the desire to beat others".

We will like to take this opportunity to congratulate our own member Dr. Nirmala Wadhvani for taking oath as a Minister of State for women and child welfare in the Government of Gujarat. We have great hopes from her.

In next one month we have many entertainment programs and CMEs. Please remain present in large number and make the programs of AOGS a successful and memorable one. Hoping for the best.

Sincerely Yours

Dr. Geetendra Sharma
President - AOGS

Dr. Rajal Thaker
Hon. Secretary - AOGS

Dr. Nirmala Wadhvani
for taking oath as a
Minister of State
Women & Child Welfare
Government of Gujarat

Congratulations to
DR. ALPESH GANDHI

for making "Guidelines for Obstetric HDU and ICU"
which was released by Ministry of Health and
Family Welfare Government of India in March 2016 and
recently sent to all the states of India for further implementation.

AN APPEAL

AMLCON - 2016

It is our humble request to all AOGS members to get registered for AMLCON-2016. This will be a unique and landmark conference in the medico-legal subject. Please take benefit of the best medico-legal knowledge and guidance by the experts of the field which is the need of the hour. AOGS members can still register in early bird charges of Rs. – 6000/-.

AICOG - 2017 – “Home Hospitality”

A unique concept for welcoming our guests at aicog-2017 – “Home hospitality”

As our AICOG-2017 is nearing the month of January, we as a host society are gearing ourselves for this auspicious academic maha-kumbh. As Gujarati, we have a wonderful tradition of welcoming our esteemed guests in unique way & treating them like our own family members. During AICOG-2017, we are anticipating an over-whelming response in form of more than 10 thousand registrations for the conference. We have worked out a novel concept of “Home hospitality”- whereby we would welcome our AICOG delegates (our friends & colleague) as our esteemed guests at our home. The conventional “bed-bath & breakfast” will be provided to our guests, showcasing our best Gujarati traditions & culture. We can invite our foreign friends by showing our readiness to be a part of this “Home hospitality-group”. If you want to join this noble gesture towards our guests then, kindly revert back to us the following information on AICOG mail & oblige. already 15 of our AOGS members have shown their readiness for joining this “home hospitality” concept.

AOGS-2016-17

On 12th August we had arranged a meeting with Additional Director of health of AMC Dr. Amit Begda to discuss the issue of on-line birth and death registration issue. There was great interaction between our members and authority. We got a split opinion. A few members were of opinion that such regulations which have no mandate of law increases our clerical burden should not be followed unanimously. Other opinion was to avoid confrontation with the authorities and to follow their guidelines but try to improve the existing faults in the online system.

On getting this split opinion from members it was ultimately decided to ask all the members of AOGS for their opinion. We will right the authorities our opinion only after getting clear cut guidelines from our member.

If we get opinion of more than 50% members of AOGS members on one side then only AOGS will right to the authorities in that direction. So please send your opinion to AOGS office within 15 days by Phone, E. Mail, Message or by any other means of communication.

FOGSI

Annual General Body meeting of FOGSI is to be held on September 18, 2016 at the FOGSI Office, Mumbai. The minutes of the previous Annual General Body meeting held on September 20, 2015 and General Body meeting held on January 13, 2016 will be dispatched by the FOGSI office shortly along with the Annual report.

Criminal Liability of Medical professional – How much we should know

Doctor as a human is not immune to any section of I.P.C. and any Law for the time being in force. So there should not be any misconception in the mind that doctor can never be prosecuted criminally.

Routine sections of I.P.C. under which doctors are prosecuted

Mainly six provisions of IPC are related to Medical Negligence

- Sec. 304(A)- Causing death by negligence
- Sec. 336- Act endangering life or personal safety
- Sec. 337- Causing hurt by act endangering life or ""
- Sec. 338- Causing Grievous hurt by Act ""
- Sec. 312 to 316 & 318- Related to miscarriage
- Sec. 269-272- A negligent act likely to spread infection or disease dangerous to life.

Main sections which we must understand

- Section 302–Homicide - Conduct, Intention and Knowledge
- Section 304–Culpable homicide not amounting to murder - Conduct, Intention or Knowledge
- Section 304A–Death due to rash and negligent act - Conduct without Intention and Without Knowledge

Landmark Judgment we should know in reference to criminal liability

Jacob Mathew v/s State of Punjab and others –

2005 AIR SCW 3685 (Punjab& Haryana) - R.C.Lahoti C.J.I., C.K.Mathur J.J., P.K.Balasubramanyan J.J. inCriminal Appeal Nos. 144-145 of 2004 Decision / 5-8-2005

Facts of the case - Aged patient in advanced stage of terminal cancer experiencing breathing difficulties about 11.00p.m. at night and succumbing due to unavailability of oxygen cylinders with oxygen.

Judgment - It is a case of non-availability of oxygen cylinder for which hospital may be liable in tort, but appellant cannot be proceeded against under 304-A on parameters of Bolam's test.

Observations of S.C.

1. We have noticed here in above that the cases of doctors (surgeons and physicians) being subject to criminal prosecution are on an increase.Sometimes such prosecutions are filed by private complainants & sometimes by police on an FIR being lodged and cognizance taken. The investigating officer and the private complainant cannot always be supposed to have knowledge of medical science so as to determine whether the act of the accused medical professional amounts to rash or negligent act within the domain of criminal law under section 304A of IPC. The criminal process once initiated subjects the medical professional to serious embarrassment and sometimes harassment. He has to seek bail to escape arrest, which may or may not be granted to him. At the end he may be exonerated by acquittal or discharge but the loss, which he has suffered in his reputation, cannot be compensated by any standards.
2. We may not be understood as holding that doctors can never be prosecuted for an offence of which rashness or negligence is an essential ingredient. All that we are doing is to emphasize the need for care and caution in the interest of the society. For the service which the medical profession renders to human being is probably the noblest of all and hence there is a need for

protecting doctors from frivolous or unjust prosecutions. Many a complaints prefers recourse to criminal process as a tool for pressurizing the medical professional for extracting uncalled for or an unjust compensation. Such malicious proceedings have to be guarded against.

3. Statutory rules or executive instruction incorporating certain guidelines need to be framed and issued by the Govt. of India &/or State Govt. in consultation with the MCI so long it is not done, we propose to lay down certain guidelines for the future which should govern the prosecution of doctors for offences of which rashness or criminal negligence is an ingredient.

Guidelines of S.C.

1. A private complaint may not be entertained unless the complainant has produced opinion in writing given by another competent doctor to support the charge of rashness or negligence on the part of the accused doctor.
2. The investigating officer should, before proceeding against the doctor accused of rashness and negligent act or omission, obtain an independent and competent medical opinion preferably from a doctor in Government service qualified in that branch of medical practice who can normally give an impartial and unbiased opinion applying the Bolam's test to the facts collected in the investigation.
3. A doctor accused of rashness or negligence, may not be arrested in a routine manner (simply because a charge has been leveled against him). Unless his arrest is necessary for furthering the investigation or for collecting evidence or unless the investigating officer feels satisfied that the doctor proceeded against would not make him available to face prosecution unless arrested

UNIQUE CONCEPT FOR WELCOMING OUR GUESTS AT AICOG-2017
HOME HOSPITALITY (अतिथि हेतु भवः)

Dear friends & colleagues,

As our AICOG-2017 is nearing the month of January, we as a host society are gearing ourselves for this auspicious academic maha-kumbh.

As Gujarati, we have wonderful tradition of welcoming our esteemed guests in unique way & treating them like our own family members. During AICOG-2017, we are anticipating an over-whelming response of our FOGSI members, in form of more than 10 thousand registrations for the conference.

We have worked out a novel concept of "Home Hospitality"-where by we would welcome our AICOG delegates (our friends & colleagues) as our esteemed guests at our home. The conventional "bed-bath & breakfast" will be provided to our guests, showcasing our best Gujarati traditions & culture. We can invite our Fogsian friends by showing our readiness to be a part of this "home hospitality-group"

If you want to join this noble gesture towards our guests then, kindly revert back us the following information on AICOG mail & oblige.

Email: secretary@aicog2017.com

N.B:- Already 15 of our AOGS members have shown their readiness for joining this "Home Hospitality" concept.
