## AOGS Team's Message

Dear AOGSians,

**“There's nothing better than achieving your goals, whatever they might be“**

“YES WE HAVE DONE IT”,

These were the words of our democratically elected Organizing Chairperson in the Valedictory function of AICOG-2017. My faith in democracy has increased many folds now.

I asked for commitment, you gave me dedication. I asked for obedience, you gave me authority. I asked for cooperation, you gave me support. When I expected good, you gave me better. When I expected better, you gave me best. When I expected best, you have me extraordinary. Thanks for being an exemplary team & for everything. When it comes to you guys, the word TEAM is actually the acronym for Terrific, Enthusiastic, Ambitious and Motivating. Thanks for being the best TEAM ever.

As we all know laughter is the best exercise & medicine. Moving forward we are going to have Hasya Kavi Sammelan on 18th February.

How can we forget our duty towards our fraternity? We are going to have a P.G. lecture series for our budding stars.

To fulfil our basic object of academics and unity we are going to have our annual conference and annual day on 25th and 26th March. We request everybody to be the part of this mega event.

Last but not the least we are going to celebrate the biggest festival of democracy in the month of March. Yes we are going to have elections on 11th March. Be ready to cast your vote to the best as only you can make difference.

**“What you get by achieving your goals is not as important as what you become by achieving your goals”.**

**Dr. Geetendra Sharma**  
President - AOGS

**Dr. Rajal Thaker**  
Hon. Secretary - AOGS

# Did you know that VOCs cut IVF success rates by 12%?

Pollution, dust & VOCs attach to embryo DNA and cause DNA fragmentation leading to IVF failure. Repeated studies have shown the negative effects of VOCs on IVF.

*Which is why the labs at Nova IVI Fertility conform to Class 10,000 clean room standards, to ensure higher success rates for patients.*
