PRESIDENT MESSAGE

Dr. Rajal Thaker
President

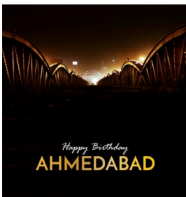

Dear AOGS Member,

I am happy to share the news that AOGS is getting a certificate from India Book Records, as we were one of the participants of Save the Girl child Rally along with other FOGSI societies. Orations by Dr.Nayana Patel and Dr.Kanthi Bansal were well received in addition to AOGS- AMA PG lecture series and other CMEs. Many of our AOGS members were invited as faculties at AICOG and Dr.Rajnikant Contractor was awarded Life time achievement award at AICOG.

As Valentine Day is celebrated but we shouldn't forget our own festival to welcome Spring season, that is Vasant Panchmi and also importance of Saraswati Puja on the same day. While celebrating valentine day, we should remember that....

'Be your own Valentine, always. Love yourself first.Show importance and respect to yourself. First pamper yourself, Complement yourself, and Look good always for yourself. The only thing that's yours is you, your body. Look after it. If you won't, others won't too.'

And as I conclude,

HAPPY BIRTHDAY AAPNU AMDAVAD (AHMEDABAD)

Founded on February 26, 1411 by Sultan Ahmed Shah while camping on the banks of the River Sabarmati, saw a hare chasing a dog. Impressed by this act of bravery, the Sultan, who had been looking for a place to build his new capital, decided to locate the capital right on the river bank and christened it 'AHMEDABAD'..!!_

JAB KUTTE PE SASSA AAYA TAB BADSHAH NE AHMEDABAD BASAYA

With Salute to all our brave hearts who martyred in Pulwama terror

Hon. Secretary

“If nobody hates you, you are doing something wrong”

The Month of January started with an amazing awareness program – “Smriti Walk- Save the Girl Child” With a great coordination and support from FOGSI the event was recognized by the India book of

World Records. The academic spirit was kept alive with CME on 20th January 2019 with Oration from Dr.Nayna Patel on Role of Genetics in Infertility. AOGS – AMA PG Lecture Series gained tremendous positive feedbacks from the students. Oration in February by Dr.Kanthy Bansal on ART and Science of ART.

India has grown from a beautiful blastocyst into an energetic teenager. Like a life of an individual India has many ups and downs, but we have been united through all thick and thin. Growing like a studious child, India has become the 2nd largest producer of crude steel in the world beating Japan from 4th April 2018. Any deteriorating actions against our India has made our wills grow stronger to develop and nurture ourselves and mother India.
