AOGS Team's Message

Dear Friends,
Happy Monsoon to everybody.

"It will never rain roses: when we want to have more roses we must plant more trees".

Our National Medico-legal conference is coming close day by day. This will be a great opportunity for all of us to know about different laws in depth and clarity. We once again request all AOGSians to register for the conference as early as possible.

"You pray for rain, you gotta deal with the mud too. That's a part of it".

Till now our tenure is running smoothly. Though we pray for rain (Medico-legal Conference) and we know that Pharmaceutical companies are not supporting so we should be ready to deal with the mud (difficulties of finance) too. We hope that we will be able to sail through with the support and good wishes of all our members. We assure you all that we will be giving you all the best stuff. For the success of any event teamwork is important. We seek the support of all of you in making success this mega event.

"None of us is as smart as all of us." – Ken Blanchard

At this juncture I remember the theme of our AOGS a few years back which is the need of the hour to be successful.

**"Coming together is a beginning. Keeping together is progress. Working together is success."
– Henry Ford**

Wish you all a very very happy monsoon once again.
