EDITORIAL

Dear AOGSians,

Season's Greetings,

This is the proud moment for all of us being Gujarati, as after 65 years another Great Gujarati after Gandhiji has brought the change in the history of India. A new era has begun with this change. We all hope that this change will bring cheers & happiness in the life of every Indian. Our heartiest congratulations to **Shri Narendrabhai Modi** on becoming the prime minister of India & wish him all the success on behalf of all the AOGSians.

*खिडकीयां खोल कर देखने दो मुझे,
मेरे वतन की नई तसवीर बन रही !!!*

Friends, We have started our tenure this year with a very interactive CME on infertility & a very lively, informative & hilarious panel discussion on 20th April. On 11th May we had an interactive CME on a very less addressed problem of endometriosis and PCOS. We had a very learned speaker Dr. Kaustubh Kulkarni from Mumbai. Both the CMEs were well attended but we wish that more & more AOGSians should take the benefit of such programmes.

On 30th of May we will have an international faculty **Dr. Nobert Glitcher** the pioneer of DHEA, is going to speak on "Is DHEA the answer to diminished ovarian Reserve"

We have also planned a CME with IMS on 8th June on menopause & on 22nd June on fetal brain.

A big event i.e. **AOGS Conference at GOA is planned on 12-13-14 September 2014**, kindly register at the earliest as only few seats are available.

Thanking you with warm regards,

Editorial Team

Dr. Snehal Kale

Dr. Anjana Chauhan

Dr. Dhaval Shah

Dr. Shashwat Jani

बेटी बचाओ

मुझे नजर आती है,
इस बिटिया की सुरत में
एक देवी की मूरत
नेह से परिपूर्ण
वात्सल्य से सराबोर
जो माँगती है आशीष
अपने लिए नहीं
अपनों के लिए।

*Proud to
be Gujrati*

Dr. Kamini Patel

We at VANI IVF centre welcome infertile couple with a positive attitude and understand surrogacy as the magical wand for both the families.

The VANI IVF centre supports surrogacy and takes surrogacy as the magical wand for the infertile patients.

Up till now VANI IVF Centre has registered many surrogate cases and we have been continuously adding the feathers to the cap of VANI IVF centre by giving successful and satisfying results in the surrogate cases.

VANI IVF centre Welcomes Infertile couple with a wide smile and waves them off as Father and Mother with the Grace of GOD and immense Dedication by the Centre.

The VANI IVF Centre serves its best to the infertile couple and even to the surrogate mother. It gives the endless smile to the infertile couple by giving them the joy of having their own child.

Even looks at the surrogate mother with the tender sight and helps her to overcome the financial problem on behalf of her priceless service to the society. VANI IVF centre believes in the progress of the surrogate mother and her family and hence renders its service for their better living.

Increase the spontaneous pregnancies in your patients...

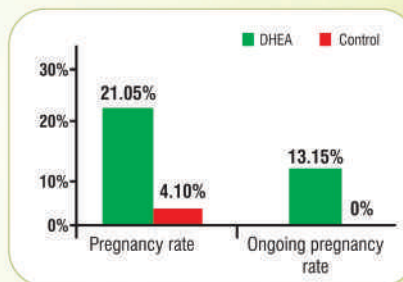

OVARES

(Micronized DHEA 25mg + Folic Acid 1.5mg)

Bettens the odds of achieving pregnancy

- Positively affects spontaneous pregnancies in women with diminished ovarian function¹
- Revert deteriorating older oocytes into younger oocytes acting at early stages of follicle maturation¹
- Significantly increases ovarian function both in poor responders & women above 40¹

“The high percentage of spontaneous pregnancies before starting IVF cycle suggest that DHEA alone can raise fertility in women with poor prognosis for pregnancy, independently of age, probably adjusting defect at earlier stages of folliculogenesis.”¹
