## AOGS Team's Message

Dear AOGSians,

**“Every successful person has a painful story, Every painful story has a successful ending,  
Accept the pain and get ready to success”.**

We have come to the end of our tenure. We believe that it was a successful one as per your parameters. At this juncture we don't want to discuss our pains but want to celebrate our success.

**“We learn from failure and not from success”**

During whole year we have tried to do our best. There may be a few drawbacks for which we owe complete responsibility. After all we have learnt a lot from our mistakes. We have never tried to become a person of success but rather tried to be a person of value.

Let us take this opportunity to give you brief of programs done whole year.

<b>Conferences</b>	– AICOG-2017 (5 days), AMLCON (3days), AOGS – Annual Conference (2 Days), Infertility (1 day) and PCOS (1 day), P.G.Exam Review course (7 days)
<b>CMEs</b>	– 13
<b>Orations</b>	– 4
<b>Entertainment Programs with family</b>	– 15
<b>Tours</b>	– Leh tour for (7 days), 4 days tour to Dang, 1 One day tour
<b>Social programs</b>	– More than 30
<b>Publishing Directory</b>	– Release of New directory

So happy to announce that every fourth day of year we had a program of AOGS. We sincerely thank from our bottom of the heart for your active support whole years.

**“Let the players play, Let the haters hate and let Karma handle their fate”.**

A few people continuously challenged and tried to create hurdles but we have no grudges or complaints against them. There is definitely a need to develop more discipline and loyalty towards our society and amongst us.

**“Change is the law of life and those who look only to the past or present are certain to miss the future”.**

**“The Sun never sets. It is we who rise think to shine.”**

Nobody is permanent but the association is. Office bearers may change but the association remains the same. Change is always better. Let us invite with open heart our new team of AOGS to take over. We wish a new team a grand success.

Thank You All.

**Dr. Geetendra Sharma**

# Did you know that VOCs cut IVF success rates by 12%?

Pollution, dust & VOCs attach to embryo DNA and cause DNA fragmentation leading to IVF failure. Repeated studies have shown the negative effects of VOCs on IVF.

*Which is why the labs at Nova IVI Fertility conform to Class 10,000 clean room standards, to ensure higher success rates for patients.*
