# AOGS Team's Message

Dear Friends,

**"The roots of all goodness lie in the soil of appreciation for goodness".**

**"Gratitude makes sense of our past, brings peace for today, and creates a vision for tomorrow".**

I CAN'T THANK YOU ENOUGH

It was our dream to have "National Medico-legal Conference" in our own way, I mean with the topics and faculties of our choice. We worked hard. We faced hurdles as there was very less sponsorships. We tried to put best topics in best manner by the best faculties. We wanted to make it as light and informative as possible. It is said that fear goes away with knowledge. Doctors fear law because they don't know it, the way our patient fears diseases. Moreover law is not taught in entire medical curriculum. We always have promoted "A FEARLESS PRACTICE" and this conference was one more step to achieve that goal. AOGS members were already busy with AICOG work in a big way, still they supported this conference. We shall not name anyone because if I skip some name it will be injustice to him/her. But whoever has helped us by becoming faculty, by becoming delegate or by becoming a part of organizing team, has helped whole heartedly as if it is their own function. We can't thank you all enough. I knew that friends love me but was unaware that they love me this much.

Too much talked about on social media even after it is over. If we call all these things a success then let me tell you that we were just the dreamers, you made it into reality. So we can't thank you enough. For any short comings we take full responsibility. For any inconvenience or for any unintentional hurt to any one we feel sorry. But for the success we give full credit to all who have participated in any capacity, wished good for us and to those who have blessed us.....

Past was good but future is going to be more bright. We have in our Pandora box many academic feasts, Garba, Srilanka tour and programs like Hasya Kavi sammelan and last but not the least our AICOG-2017. We hope the similar kind of love and support from all AOGSians.

UNIQUE CONCEPT FOR WELCOMING OUR GUESTS AT AICOG-2017  
**HOME HOSPITALITY (अतिथि हेतु भवः)**

Dear friends & colleagues,

As our AICOG-2017 is nearing the month of January, we as a host society are gearing ourselves for this auspicious academic maha-kumbh.

As Gujarati, we have wonderful tradition of welcoming our esteemed guests in unique way & treating them like our own family members. During AICOG-2017, we are anticipating an over-whelming response of our FOGSI members, in form of more than 10 thousand registrations for the conference.

We have worked out a novel concept of "Home Hospitality"-where by we would welcome our AICOG delegates (our friends & colleagues) as our esteemed guests at our home. The conventional "bed-bath & breakfast" will be provided to our guests, showcasing our best Gujarati traditions & culture. We can invite our Fogsian friends by showing our readiness to be a part of this "home hospitality-group"

If you want to join this noble gesture towards our guests then, kindly revert back us the following information on AICOG mail & oblige.

**Email: [secretary@aicog2017.com](mailto:secretary@aicog2017.com)**

*N.B:- Already 15 of our AOGS members have shown their readiness for joining this "Home Hospitality" concept.*

# ONLINE BIRTH AND DEATH REGISTRATION

- Members of AOGS feel that such regulation has no mandate of Law.
- This increases clerical burden on doctors.
- Guidelines are not clear and there is no clarity regarding legal responsibilities.
- Doctors are not taken into confidence before issuing such guidelines.
- Authorities are trying to implement it wrongfully under threat of harassing doctors under different laws.
- There are many issues regarding the website.
- Doctors are not use to typing in Gujarati.
- There are many lacunas in program which converts English into Gujarati.

In meeting it was decided to ask the opinion of AOGS members in this regard and if more than 50% opinion is against it then AOGS will take lead and communicate the majority feeling to the authorities. In recent CME on 11/09/2016 at Hyatt opinion of 90 members who were present was taken. 87 out of 90 were against online birth and death registration.

**PLEASE SEND YOUR OPINION WITHIN 15 DAYS BY E-MAIL OR IN WRITING
